Program Overview

Full Stack Data Science Program

We provide personalized learning with small-group sessions. You can master GenAI, ML Engineering, and learn specialized skills to unlock high-demand roles. Boost your career with better opportunities, higher pay!

1. Unmatched **Learning** Experience

Foundation Track: (6-8 months)

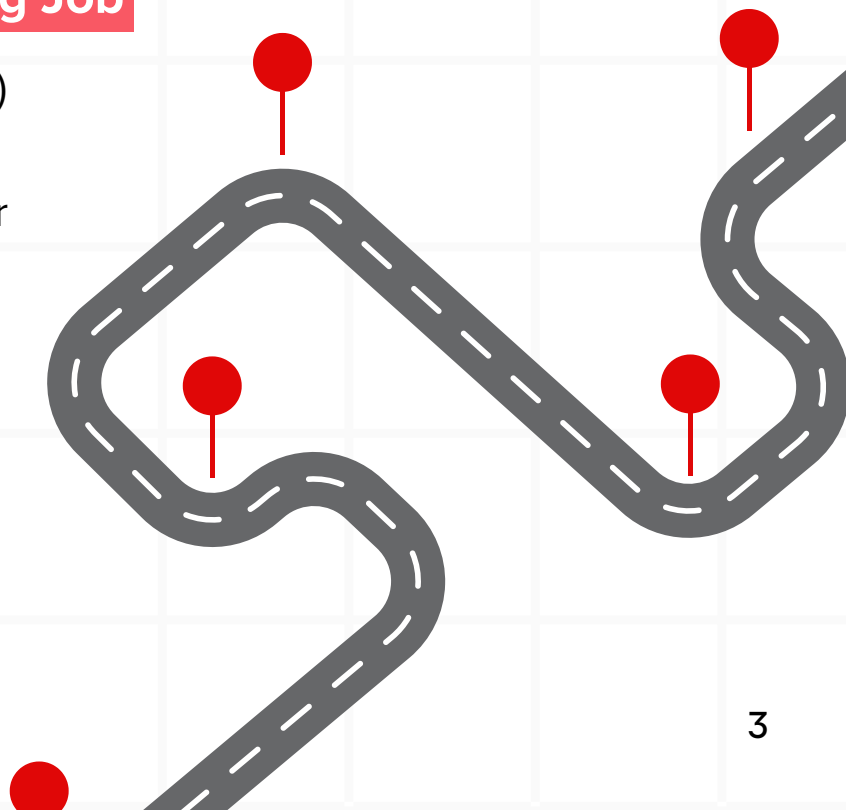

- Evening live classes
- Unlimited doubt support
- Coding excellence
- Case study-based group discussion
- Expert-led, hands-on guided project

2. Roadmap to **High-Paying Job**

Placement Process: (2-3 months)

- Access to 1,200+ recruiters
- Dedicated placement manager
- 30+ 1:1 mock interviews
- Portfolio review & guidance
- Personalized job dashboard

Unmatched Learning Experience (1/2)

Extensive Live Doubt Support

Get 6-day live sessions from morning to evening, plus 24/7 help via tickets. Our **CARE Team** ensures no doubt goes unresolved — because we care the most about you!

Interactive Live Classes

Learn from expert instructors through **300+ hours of live, interactive sessions**, designed to ensure crystal-clear understanding of concepts.

Master cutting-edge tools

AB

Unmatched Learning Experience (2/2)

Best Learning: Case Studies + Small Groups

Master real-world skills with case studies and **small groups, ensuring personalized attention**, collaboration, & confidence!

Coding Hackathons

Compete in **high-impact hackathons** and gain real-world coding confidence. These aren't just practice, they're confidence builders!

Guided Projects with Mentorship

Expert-led guidance for **3 major projects with 3 mentorship sessions each**, ensuring your work stands out!

Tools

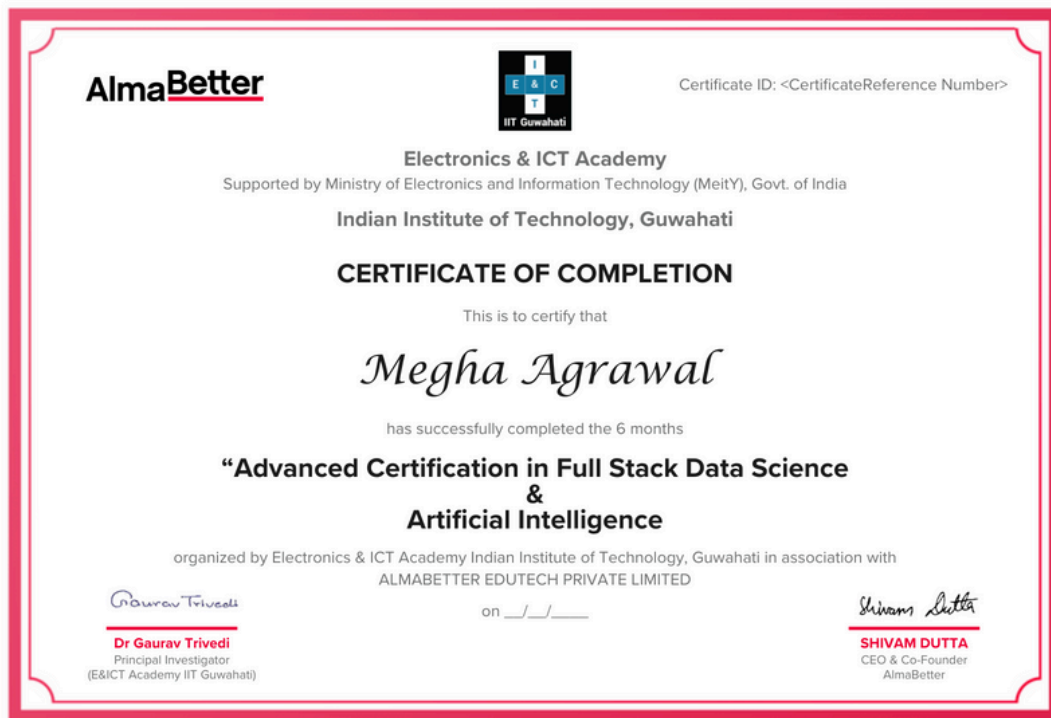

...and many more.

Advanced IIT Guwahati & Microsoft Certifications

High-quality learning material created in collaboration with E&ICT Academy, **IIT Guwahati**. Highly prestigious certificate valued by top recruiters globally.

Personalized Roadmap to Job

Dedicated Placement Manager – Your Career Catalyst!

With you, every step of the way!

Uber zomato amazon accenture
& 1,200+ companies are ready to hire you! 

Master essential skills critical for excelling in interviews

Leadership Oriented Business Communication

Master business communication with 18 tailored classes to lead confidently!

30+ Personalized Mock Interviews

Practice makes perfect - 30+ mock sessions to turn you into an interview pro!

Smart Portfolio Development

Showcase your expertise with a portfolio that attracts 10x shortlists and interviews!

Success Speaks for Itself!

Placed with 220% hike

It was a journey of ups and downs but it was all worth it at the end. All

thanks to AlmaBetter.

Palak Bindal

It was great journey with AlmaBetter.

My special thanks to placement team *for their effort*

Deepti Goel

From mock interviews to resume building, their guidance

helped me ace my interviews.

Garvit Bhardwaj

I truly appreciate the
interactive learning sessions, *and*
practical problem-solving approaches.

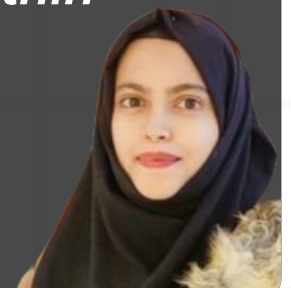

Deepak Gupta

When I joined Almax, the practice was intense but worth it. I managed to

land a job within 16 weeks!

Top Hiring Partners Trusting our Alumni

Top global companies trust our alumni for their industry-ready expertise, hiring them confidently through our comprehensive training and personalized placement support.

Is this program **RIGHT** fit for **YOU**?

Freshers

Dreaming of a high-paying, high-growth career? Begin your journey in tech with the in-demand skills of artificial intelligence and machine learning.

Graduates looking for job

Looking to break into the tech industry? Master advanced tools like Python, SQL, and step confidently into your first job at leading organizations.

Career Changers

Ready to move into a future-proof, high-demand field? Transition seamlessly into tech with job-ready skills that open doors to exciting opportunities

The Most Student-Friendly Payment Model

Risk-Free + Value-Driven

Tuition Fees

₹ 75,000 + GST

- 300+ hrs of live classes
- Unlimited doubt sessions
- 30+ mock interviews
- Lifetime access to course and much more!

NO COST EMI

Pay in easy EMIs starting from ₹6,000 per month

You **land a job** at a renowned company

You pay this only after getting placed!

No Job, No Fees!

Placement Fees

Salary Range	Total Payable Fee (Incl. taxes)	Easy EMI Options
Less than 3.5 LPA	0	NA
3.5 - 4.99 LPA	1.2 Lakhs	6K x 20 Months
5 - 7.99 LPA	1.6 Lakhs	8K x 20 Months
8 LPA & above	2 Lakhs	10K x 20 Months

Awards & Recognitions

AlmaBetter has won several accolades, including the Indian Achievers' Award for Emerging Edtech Company 2023, the Edutech Leadership Award by World Education Congress Awards 2023, and the Best Tech Start-up of the Year (Data Science) Award by TechIndia.

AlmaBetter | For a better tomorrow.

Detailed Curriculum

Introduction to Computer Programming

- **Getting Started with Python:** Introduction to Python Programming, Data Types in Python, In-Built Functions & Methods, Indexing & Slicing, Operators in Data Types
- **Python Control Flow:** Statements, Indentation & Conditionals, Loops & Iterations, Conditional & Infinite Looping
- **Object Oriented Programming:** Custom Functions in Python, Advanced Looping Concepts, OOPs in Python, Exception Handling

Numerical Programming in Python

- **Data wrangling Libraries:** Getting Started with Pandas & Numpy, Mastering Data Wrangling, Advanced Data Wrangling Concepts, Data Wrangling on Different Data Formats
- **Data Visualization Libraries:** Data Visualization with Matplotlib & Seaborn, Data Visualization Tips & Variable Analysis
- **Data Insights with APIs & EDA:** Exploratory Data Analysis | Ecommerce Case Study, Data Modelling via APIs, Interactive Visuals with Plotly, Streamlit Dashboards with dynamic Interactions

Relational Databases

- **Getting Started with SQL:** Fundamentals of SQL Query, Dealing With Multiple Tables, Advanced SQL Joins
- **In-Built Functions:** Type Casting & Math Functions, DateTime Functions, String Functions, Window Functions
- **Data Preparation with SQL:** Complex queries using CTE & Connecting with Azure Database, Data Exploration With SQL & Python, Database Management & Schema Design

Data Visualisation Tools

- **Data Analysis using Excel:** Fundamentals of Excel, Data Exploration with In-Built Functions, Excel Dashboarding, PowerQuery in Excel
- **Present like a Pro with PowerBI:** Introduction to PowerBI & ETL, Dashboarding Concepts with Power BI, Introduction to DAX, Advanced DAX Functions
- **Present like a Pro with Tableau:** Getting Started with Tableau Ecosystem, Dashboarding & Storytelling with Tableau

Applied Business Analytics

- **Descriptive Statistics:** Probability Theory & Random Variables, Summary Statistics, Probability Distributions
- **Inferential Statistics:** Sampling & Statistical Inference, Concept of Confidence, Hypothesis testing
- **Business Analysis:** Business Metrics 101, Web Analytics, Experiment Design, Workflow Management - Automated Code Execution

Machine Learning & Generative AI with Microsoft Azure

- **Getting Started With ML:** Mechanism behind Machine Learning, Supervised learning - Regression, Supervised learning - Classification, Tree Based Model, Bagging, Boosting & Non Linear Algorithms, Data Preparation for ML Models & Cross validation, Feature Engineering & Model Interpretation
- **Advanced Algorithms:** Unsupervised Learning, Customer Segmentation - Case Study, Time Series Analysis, Recommender Systems, Neural Networks
- **GenAI & MLOPS:** ML LifeCycle & Overview of AI, Data Pipeline, Flask & API, ML Deployment with Microsoft Azure, Computer Vision using Azure Studio, Natural Language Processing, Document Intelligence & Knowledge using Azure, Generative AI and Prompt Engineering, MultiPDFChat: Document Interaction Simplified
